

EXECUTIVE SUMMARY

Politically motivated human rights violations continued during the period under review. The period saw most of the violence being concentrated around the workers day celebrations on the first of May. The level of violence is set to increase as a result of the oncoming local government elections. In most urban areas, market places have become hot spots for human rights abuses as 'bases' have been created for torturing suspected MDC supporters. The forms of violence have mostly been harassment and intimidation with cases of assault, arbitrary arrests and malicious injury to property being reported in some provinces. State perpetrated violence

has continued through the use of state resources to gain political mileage and the passive response by the police to cases of politically motivated violence.

Political intolerance is still prevalent in all the provinces and this intolerance has exacerbated by the oncoming local government elections. In Matabeleland, an MDC member IP, from Panama irrigation scheme who declared her interest to represent her party in the forth coming council elections had her irrigation equipment at her plot vandalized and a crop of beans destroyed by a marauding gang of Zanu PF members led by NN. IP was further threatened with death if she went ahead and contested against a Zanu PF candidate. In another case in Matabeleland, JM (44) of MDC of Lushonkwe village in ward 9 was

reportedly assaulted by AB also of MDC due to intra-party differences within the opposition party MDC. It is alleged that both want to contest in the forthcoming local government elections. The victim was injured and had to be attended to medically at Gwanda Hospital.

Freedom of expression and association is limited as people are being harassed for attending meetings such as those organised by the Combined Harare Residents Association and the Zimbabwe Congress of Trade Unions. On the other hand people are being forced to attend the rallies organised by the ruling party. In Marondera, for instance, people were harassed and intimidated to attend a rally by the Vice President Joyce Mujuru at Rudhaka stadium. In Manicaland, at Matendeudze

EXECUTIVE SUMMARY

village, PM and VM who are sub chiefs were brought before Chief Mutamambara's traditional court and made to pay 10 herd of cattle for attending an MDC rally and publicly declaring their support for the opposition party at Chisidamba grounds in Mutare.

Food and agricultural input politicisation has become the order of the day as some villagers have been threatened with withdrawal from social schemes by government if they support do not Zanu PF. A case in point was in Mashonaland central, Mwendaberi village, ward 7 where OPC (40) of Zanu pf was said to have harassed MM (25), SS and GG (45) of MDC in their effort to deny MDC supporters GMB inputs. These people had their names listed down for inputs but were told to wait for their inputs from Britain because they supported MDC.

In Midlands and Mashonaland west it is alleged that recruitment for employment is being done through party channels in the Ministry of Education whereby individuals are required to present ZANU PF reference letters before they can be offered jobs. Unemployed individuals are also being manipulated by being asked to register with Zanu PF before they can get employment in programmes that may arise. In view of the low levels of employment in the country and the general difficulties in getting employment the dangling of a job for the desperate youth and the unemployed is a gross violation of human rights.

Impunity continues unabated as there are cases where the reports made to the police are not considered. Some war veterans believe that as members of the ruling party there are untouchable and above the law. Police details based at Birchenough police post allegedly

refused to process a case that was brought before them by TM of the MDC citing fear from DC, a Zanu PF central committee member who was a respondent in the case.

Sexual abuse is also being used as a political weapon against women. In one case in Mutare West a war veteran and a Zanu PF member allegedly raped AM, bar tender and MDC member with the help of two other Zanu PF colleagues S and P claiming that he "was having sex with Mai (Mrs) Tsvangirai". Although the case was reported to police, no action has been taken by the police.

Figure 2: Graph showing numbers of different incidents of human rights violations recorded for the month of May 2006

This report is based on reports from ZPP long-term community based primary peace monitors who observe, monitor and record cases of human rights violations in the constituencies they reside. ZPP deploys a total of 240 community-based primary peace monitors (two per each 120

electoral constituencies of Zimbabwe). These community-based monitors reside in the constituencies they monitor. They compile reports that are handed over to ZPP provincial coordinators who man the different ZPP offices in the ten administrative provinces of

Zimbabwe. Upon receipt and verifications of the reports from the monitors, the provincial coordinators compile provincial monthly monitoring reports, which are then consolidated at national office into the ZPP monthly monitoring reports.

ZIMBABWE PEACE PROJECT

ANNEXURE 1 – Statistical Graphs of Human Rights Violations per Province

ANNEXURE 1 – Statistical Graphs of Human Rights Violations per Province

ZIMBABWE PEACE PROJECT

The Zimbabwe Peace Project (ZPP) was conceived shortly after

2000 by a group of Churches and NGOs working or interested in human rights and peace-building initiatives, and was to become a vehicle for civic interventions in a time of political crisis. In particular ZPP sought to monitor and document incidents of

BACKGROUND & FORMATION

human rights violations and politically-motivated breaches of the peace e.g. violence.

Today, ZPP's member organisations include, the Catholic Commission for Justice and Peace (CCJP), Zimbabwe Council of Churches (ZCC), Evangelical Fellowship of Zimbabwe (EFZ), Zimbabwe Election Support Network (ZESN), Counselling Services Unit (CSU), Zimbabwe Liberators' Platform, Zimbabwe Civic Education Trust, ZimRights, Civic Education Network Trust.(CIVNET)

GOAL AND OBJECTS OF THE ORGANISATION

ZPP was established with the aim of promoting peaceful co-existence and to help reduce political conflict and violence through monitoring, investigating and researching the causes and nature of violence and circulating widely the results of such activities. The organisation also aims to help resolve politically related conflicts, and to identify victims and perpetrators of

such conflicts, the former of whom will be assisted by being given any support they may require, e.g. legal, medical or material assistance. ZPP aims to work in cooperation with any authorities, institutions and individuals to achieve its objectives of curbing violence and upholding human rights.

VISION

To see Zimbabwe transform into a society that cherishes the pursuit and realisation of justice, freedom, peace, human dignity and development.

MISSION

To heighten the nation's socio-political conscience and senses of responsibility against violence and human rights abuses through information and practical interventions.

GOAL

To reduce violence and human rights violations through community-based and national monitoring, documentation of cases of human rights abuses, and making partnerships and alliances that tap the expertise and assets of local communities and local and regional organisations that will help the attainment of sustainable peace and democracy in Zimbabwe.

THE OBJECTS OF THE ZPP

- ➔ monitoring and documenting incidents of politically-motivated violence and human rights abuses
- ➔ To initiate and support projects which promote peace and respect for fundamental rights and freedoms
- ➔ To tackle political rancour and the tendency to commit violence and human rights excesses as a way of influencing electoral and political thought, and outcomes
- ➔ To initiate and promote public education concerning the benefits of pursuing, keeping and preserving the peace, social harmony and political tranquillity
- ➔ To identify victims of political violence and human rights violations and refer these to other institutions providing medical , legal, financial ,moral or other support
- ➔ Giving out timely , well researched and authentic reports on cases of human rights

- ➔ violations to other organisations, stakeholders and any individuals or organisations that may want to use the information for other purposes
- ➔ Providing an early warning mechanism to catalyse action to deal with situations that are likely to lead to breaches of peace and human rights violations
- ➔ Influencing policy decisions on issues of peace and human rights through issuing of policy briefs
- ➔ Increasing networking with community groups and local , regional and international organisation dealing with issues of peace , human rights, conflict resolution and democracy
- ➔ Improving the capacity of our community-based monitors in areas of research, information gathering and reporting
- ➔ To investigate cases of political violence and the violation of fundamental rights and

freedoms and institute legal proceedings against offenders as a way of combating lawlessness and impunity. The proceedings can

take the form of private prosecutions, court applications and actions.

VALUES

ZPP believes in and upholds the following moral principles and standards:

- ▶ Democracy and good governance
- ▶ Rule of law
- ▶ Probity & accountability of public office
- ▶ Factual & credible documentation of human rights excesses
- ▶ The protection of individual group rights and freedoms, and the human worth.
- ▶ Non partisanship and impartiality in dealing with situations of conflict and human rights abuses
- ▶ Gender sensitivity and Equality of all mankind.

ACTIVITIES

The organisation is engaged in the following activities to achieve its goals:

- Monitoring all forms of violence and human rights abuse and collecting data on conditions, practices and policies which affect the human rights, freedoms, dignity and livelihood of people, e.g. the availability or otherwise of food;
- Recording and documenting cases of conflict and human rights violations;
- Networking strategically with other organisations able to assist victims and perpetrators;
- Conducting follow-up investigations to gather enough evidence to build up water tight cases for purposes of litigation;
- Ensuring that certain verified cases of violence and human rights violations are litigated and perpetrators are punished; as part of an anti-impunity drive through the courts
- Providing basic counselling services for both victims and perpetrators of violence and human rights abuses;
- Training monitors
- Referring of victims of violence and human rights abuses to organisations better placed to offer relevant assistance;
- Researching on causes, degree, effects of violence and human rights abuses, and ways of eliminating and avoiding conflict and human rights violations;
- Promoting dispute resolution and conflict management interventions;
- Issuing policy briefs to influence policy decisions deterring the culture or institution of violence and human rights abuses.

UNIQUENESS

The organisation's strength lies in the fact that it is perhaps the only permanent community-based civil society organisation with a country-wide grassroots presence. ZPP has two trained primary monitors deployed in each of the 120 electoral constituencies of Zimbabwe.

The monitors are members of the communities within which they reside and work, and this gives ZPP the capacity to, among other things, 'sense' conflicts long before their symptoms spread.
